

Dear E-news recipients,

News on the Centre for Food Safety (CFS) online:

(1) Food Safety Day 2024

To echo with World Food Safety Day on 7 June, the CFS is taking the chance this year to promote the importance of proper temperature control in safeguarding food safety, which is one of the key components of the 5 Keys. We would also raise awareness on the use of the 5 Keys as the best measure in preventing foodborne diseases to food businesses and the public.

(4) The Centre for Food Safety (CFS) strengthens crackdown on inbound persons illegally bringing regulated food into Hong Kong

In order to combat inbound persons illegally bringing regulated food into Hong Kong, the CFS has stepped up interception and mounted enforcement actions, and deployed quarantine detector dogs to assist law enforcement officers in carrying out their duties at various land boundary control points, all in an effort to safeguard public health.
