

Dear E-news recipients,

News on the Centre for Food Safety (CFS) online:

(1) Food Safety Report for June 2024

The Centre for Food Safety (CFS) of the Food and Environmental Hygiene Department has on July 31 released the food safety report for last month. The results showed that among about 5,400 food samples that had been tested, in addition to the five previously announced Except for the sample, all other samples passed the test, with an overall pass rate of 99.9%.

You are most welcome to read the press release at:

(3) FEHD strives to ensure food safety of school lunch boxes

To enhance food safety and hygiene awareness among licensed food factories supplying school lunch boxes, and to prepare for the new school year, the CFS and the Environmental Hygiene Branch of the Food and Environmental Hygiene Department (FEHD) launched a series of operations to inspect licensed food factories supplying school lunch boxes in various districts of Hong Kong with a view to ensuring food safety.

(4) Hand hygiene

Bacteria live on and inside our bodies. Food handlers must take extra care not to contaminate food and spread diseases. Maintaining personal hygiene, especially hand hygiene, is essential to keep food safe.
