(3) Food Safety Tips for Chinese New Year

As an important family reunion occasion in Hong Kong, food and drinks play a crucial part of the Chinese New Year's celebration. However, it is also important to think about food safety. In addition to following the Five Keys to Food Safety, the CFS recommends the following food safety tips to ensure that holiday feasts are not only full of flavour but also safe.

You are most welcome to read the publication at:

(4) CFS announces study results on consumer acceptance of reformulated dim sum with reduced sodium

The CFS announced on January 13 the study results on consumer acceptance of reformulated dim sum with reduced sodium. The results indicate that consumers accept a 10 to 20 per cent reduction of the sodium content in dim sum, suggesting that reducing the sodium content in dim sum is feasible for the industry.
